Changes to functional impairment scoring coming in 2023

CMS finalized changes to the number of points assigned to the OASIS items that drive reimbursement in the Patient-Driven Groupings Model (PDGM). See chart below for the final changes to the number of points that CMS will attach to these OASIS items in 2023. The numbers in parenthesis in the right column show the points that were added or deleted to the corresponding OASIS items. (*See related story, p. 3*)

Elements	Response values	Points
M1033: Risk of Hospitalization	Three or fewer items marked (Excluding responses 8, 9 or 10)	0
M1033: Risk of Hospitalization	Four or more items marked (Excluding responses 8, 9 or 10)	10 (-2)
M1800: Grooming	0	0
M1800: Grooming	1	0
M1800: Grooming	2	3
M1800: Grooming	3	3
M1810: Current Ability to Dress Upper Body	0	0
M1810: Current Ability to Dress Upper Body	1	0
M1810: Current Ability to Dress Upper Body	2	5 (-1)
M1810: Current Ability to Dress Upper Body	3	5 (-1)
M1820: Current Ability to Dress Lower Body	0	0
M1820: Current Ability to Dress Lower Body	1	0
M1820: Current Ability to Dress Lower Body	2	4 (-1)
M1820: Current Ability to Dress Lower Body	3	12
M1830: Bathing	0	0
M1830: Bathing	1	0
M1830: Bathing	2	2 (+1)
M1830: Bathing	3	10 (+1)
M1830: Bathing	4	10 (+1)
M1830: Bathing	5	17
M1830: Bathing	6	17
M1840: Toilet Transferring	0	0
M1840: Toilet Transferring	1	0
M1840: Toilet Transferring	2	6 (+1)
M1840: Toilet Transferring	3	6 (+1)
M1840: Toilet Transferring	4	6 (+1)
M1850: Transferring	0	0
M1850: Transferring	1	3
M1850: Transferring	2	6 (-1)
M1850: Transferring	3	6 (-1)
M1850: Transferring	4	6 (-1)
M1850: Transferring	5	6 (-1)
M1860: Ambulation and Locomotion	0	0
M1860: Ambulation and Locomotion	1	0
M1860: Ambulation and Locomotion	2	6 (-1)
M1860: Ambulation and Locomotion	3	5 (-1)
M1860: Ambulation and Locomotion	4	20 (+1)
M1860: Ambulation and Locomotion	5	20 (+1)
M1860: Ambulation and Locomotion	6	20 (+1)

Master ICD-10 coding and OASIS-E accuracy

We have the expert training you need. Whether you're new to coding or OASIS, or you need an update on the latest coding and guidance changes, the Ultimate Training Virtual Series has you covered. Choose the agenda that suits your training needs based on your experience level.

OASIS INTRODUCTION: This course introduces staff to the foundations of OASIS.

OASIS-E CHANGES: Take a deep dive into the new and changing OASIS-E items

ULTIMATE OASIS: Learn how to properly answer the OASIS-E items while reinforcing your core OASIS competencies, all without sacrificing productivity.

ICD-10 CODING BASICS: New and less experienced home health coders train on core coding competencies.

ICD-10 INTERMEDIATE: Learn how to sequence the most common home health diagnoses. Intended for coders who are planning to sit for their HCS-D credential, or who became credentialed in the past year.

ICD-10 ADVANCED: Work through practice scenarios to learn how to properly sequence the most challenging home health cases. Intended for experienced, HCS-D certified coders.

You can also combine any of our core training sessions to maximize your learning and savings.

CR-6808

CEUS:

- **OASIS Introduction:**
  1 HCS-O, 1 HCS-D, 1 HCS-C
  1.25 nursing contact hours

- **OASIS-E Changes:**
  3 HCS-O, 3 HCS-C,
  4.4 nursing contact hours

- **Ultimate OASIS:**
  8 HCS-O, 2 HCS-D, 2 HCS-C
  9 nursing contact hours

- **ICD-10 Basic:**
  5 HCS-D, 5 HCS-H, 2 HCS-O,
  1 HCS-C, 4 nursing contact hours

- **ICD-10 Intermediate:**
  8 HCS-D, 8 HCS-H, 2 HCS-O,
  2 HCS-C, 6 nursing contact hours

- **ICD-10 Advanced:**
  6 HCS-D, 6 HCS-H, 2 HCS-O,
  2 HCS-C, 4 nursing contact hours
